April 24, 2007

Dear Friends and Car Enthusiasts,

It's time to start planning the summer calendar of fun events. We want you to mark yours for **Saturday August 25th, 2007** to be at **RED FERRIS CHEVROLET** for our ***Boys' Village Benefit Show***. That's right; **we are going back to the Dealership** this year. Because of the wonderful turnout last year, we are asking that you pre-register if possible. We always want to make sure we have enough food for everyone.

Please join us for a day of fun, and experience first hand the joy of helping a child. We will still offer **FREE** registration and a continental breakfast beginning at 9:00 a.m. at RED FERRIS CHEVROLET. At 11:00 a.m. we will be escorted from the dealership through downtown Wooster, and arrive at the BOYS' VILLAGE CAMPUS in Smithville for a fabulous **FREE** lunch of barbecued chicken. While there we will take some time to share with these youngsters and see first hand some of the great things you have helped provide by attending this event. One of the newly remodeled cottages will be open for your viewing. You must take a minute and tour it.

At the ***Corvette Remote Control Race Track***, to which many of you have already contributed, they are gearing up for a big race on the day of the event. It is so exciting to see the kids working on building their remote control CORVETTES and practicing with them. They are learning to take the curves and the hard knocks. They are having a ball, thanks to many of you who have shown you truly care. Don't miss out on this unique opportunity to become involved! It's the One Year Anniversary for the Race Track.

It is always a wonderful day filled with laughter and sharing, (and some great door prizes too). Please help us again by attending our 9th ANNUAL BENEFIT SHOW sponsored by RED FERRIS CHEVROLET. There are always a few surprises in store.

Sincerely,

A. Kirk Spurgeon
Executive General Manager
RED FERRIS CHEVROLET
